

Newbro's Herpicide

INSURES SCALP COMFORT.

During the summer months the minute glands of the scalp are called upon to perform an extra amount of labor. The perspiration that exudes in increased quantities must be handled promptly, as this perspiration is the vehicle for carrying out poisonous and refuse matter that would otherwise clog up the pores of the scalp, and thus greatly increase its susceptibility to the retention and development of the dandruff microbes. When the scalp is in an unhealthy condition, and especially if the hair follicles are harboring micro-organisms, the complete elimination of refuse matter is largely interfered with. This produces that hot and feverish condition of the scalp that so many are familiar with, but that so few fully understand. When the scalp is in this condition the necessity for a safe but active germicide will be apparent to all. Newbro's Herpicide is such a remedy. It dissolves and dissipates the dry and insoluble refuse matter that clogs up the pores of the scalp. It acts as a refrigerant, cooling the feverish condition, and stopping all itching and irritation.

Particular attention is necessary to properly care for the hair during the summer months. LADIES should wash the hair oftener, and practice "sun-drying"—but not in a draft—whenever possible. Men should understand the harm they may do by dashing cold water on the scalp, allowing it to dry gradually. The minute convolutions of the true skin of the scalp increases very largely its sensibility to sudden changes, which often induce catarrhal folliculitis, and many men are either bald or losing the hair from ignorance of this fact. Hot and cold applications, if used alternately, are beneficial, but the hair should not be allowed to dry slowly without the use of a suitable stimulant. Newbro's Herpicide contains the exact quantity of alcohol that is necessary to properly stimulate the capillary glands of the scalp and keep them in a healthy condition. This subject is certainly worthy of serious consideration. Baldness will never be popular; it is always inconvenient, and by exposing the head often induces a train of ills that would otherwise be avoided. Prof. Unna's discovery that falling hair and baldness are caused by a microbe, has been verified by every dermatologist of note in the world. Dr. Sabouraud, who succeeded in inoculating the microbe of baldness, says: "Baldness is a contagious disease caused by a microbe. So far from being a disease of old age, it is an affection of youth. It begins in the young, and increases, whether rapidly or slowly, up to the fiftieth year." If you are losing your hair you are certainly interested in this subject, and you cannot begin too soon the work of undoing the injury that it may have taken years to accomplish. Our remedy is not a cure-all; it will not

"grow hair on a billiard ball" or "while you wait," but in Newbro's Herpicide you have a thoroughly reliable anti-parasitic for the scalp; a strict pharmaceutical preparation that has been tested and indorsed by hundreds of physicians. It is true that a number of cases of primary baldness have been cured with Newbro's Herpicide and we mention an important one in this paper. But a safe rule to prevent baldness is to hold on to the hair you have. Newbro's Herpicide will enable you to do this. NOTHING LIKE IT FOR SUMMER TIME. IT COOLS, COMFORTS AND DELIGHTS. IT STOPS ITCHING AND REDUCES SCALP FEVER. IT CURES DANDRUFF AND STOPS FALLING HAIR. A SINGLE TRIAL WILL CONVINCE.

USED HERPICIDE WITH MOST EXCELLENT RESULTS.

"I have used Newbro's Herpicide in my shop, exclusively, for the past two years with most excellent results and have known of a great many cases of dandruff and falling hair that it has cured."

(Signed)

HENRY RUBENSTEIN,
"Sacramento, Calif."

AN EXCELLENT PREPARATION.

"I have tried your Herpicide in my family and find it an excellent preparation for use on the scalp. The ingredients indicated in the formula are certainly such as ought to bring about the results you claim."

(Signed)

C. P. BATES,

BAD COMPANY

Not a Home in Honolulu
Where This Visitor is
Welcome.

The most unwelcome visitor in Honolulu is any itching skin disease.

Itching piles is known in nearly every household. And eczema is no stranger. They're both bad company. They come early—stay late. We always say "good riddance" when they go.

Know how to keep them away? Use Doan's Ointment.

Doan's Ointment cures piles and all itching of the skin.

A Victoria, Australia man endorses our claims.

Mr. William Preston has been a resident of Victoria for over half a century and therefore will be known to many of our readers. Mr. Preston is at present residing at No. 68 Argyle St., St. Kilda. He says: "For some considerable time I have been troubled with Eczema on my legs. The irritation at times was very great especially at night, and it caused me considerable annoyance. I obtained a pot of Doan's Ointment and I must say that it allayed the irritation almost immediately. Doan's Ointment is a good remedy and I can highly recommend it for Eczema."

Doan's Ointment is splendid in all diseases of the skin, eczema, piles, hives, insect bites, sores, chilblains, etc. It is perfectly safe and very effective. Doan's Ointment is sold by all chemists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Agents for the Hawaiian Islands.

THE NEW FRENCH REMEDY: THERAPION.

This successful remedy, used in the Continental Hospitals by Rector, Rostan, Jobert, Velpeau, and others, combined all the desiderata to be sought in a medicine of this kind, and surpasses everything hitherto employed. THERAPION No. 1 maintains the world-renowned and well-merited reputation for derangement of the kidneys, pains in the back, and bladder ailments, affording prompt relief where other well-tried remedies have been powerless. THERAPION No. 2 fortifies the blood, cures, purifies, spots, blotches, pains and swelling of joints, gout, rheumatism, a ailment for which it has been too much a fashion to employ mercury. THERAPION No. 3, to the destruction of sufferers' toxic and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body. THERAPION No. 4 for exhaustion, sleeplessness, and all distressing consequences of dissipation, worry, overwork, &c. It possesses surprising power in restoring strength and vigor to those suffering from the enervating influences of long residence in hot, unhealthy climates. THERAPION is sold by the principal Chemists and Druggists throughout the world. Price in England, 2s. 6d. and 4s. 6d. In order to obtain the full benefit of the medicine, it is required, and observe that the word "THERAPION" appears on the British Government Stamp (the white letters on a red ground) marked to every genuine package by order of His Majesty's Home Department, and without which it is a forgery.

ALL KINDS OF FIREMEN

Prison Trusties and Japanese Put Out Fire.

With Japanese sugar packers stripped to the waist, Oahu prison trusties in their striped and denim suits and the regular force of firemen, to play the fire hose on burning buildings adjoining the cable tanks in Iwilei, a dense crowd of spectators yesterday had an opportunity to see a fire-brigade in operation as cosmopolitan as could be found anywhere. The fire destroyed a large dwelling house belonging to Louis Toussaint of the Metropolitan Meat Market and the two-story store of C. Eon, the well known Chinese merchant. The alarm was turned in shortly before 2 o'clock but owing to the dryness of the wooden buildings they were reduced to charred ruins before the fire department could get the flames under control.

The buildings topped the big coral reef on which Oahu Prison stands, and faced the line of Railroad Wharf sheds just across the tracks. The Pacific Commercial Cable company's big cement tanks for preserving extra cable, covered by a high structure of wood and corrugated iron, adjoined the burning structures, but owing to quick aid rendered by Japanese stevedores the fire was confined largely to the Chinese stores.

Smaller houses just behind the stores and in line with a brisk breeze then blowing, suffered, and the tenants were driven out, losing much of their household goods. In all about thirty-five Hawaiians and Chinese were rendered homeless, but most of them were given accommodations near the Prison by Warden William Henry.

When the fire first broke out the wharf superintendent got out some big hose and aided by the Japanese stevedores who were stripped to the skin, ran a line to the side nearest the cable tanks. The fence was broken open and the men, whose bare skins must have almost blistered, stuck loyally to their hose and drenched the cable structure. Fires, which broke out fiercely in the dry grass around the cable house were put out with palm branches wielded by the Japanese.

Prison trusties working in an adjoining yard ran over and taking a hose carried it over a half burning house and worked manfully. Trusties Ben Gallagher and D. A. Mackintosh held the nozzle.

A Chinese woman carrying a baby in her arms refused to leave her home and sat down on the floor. She had to be carried out by two trusties, while the room above her was a mass of flames.

Within five minutes after the alarm sounded Captain Olssen had brought the tug Fearless over from the Oceanic dock and soon had two streams of water on the buildings. The Fearless is capable of operating six powerful streams of water from her two pumps. Captain Olssen was commended for acting so promptly in the matter.

Odd Fellows, Attention!

The dedication service of Excelsior Lodge will take place Sunday evening at 8 o'clock in the new hall. All members of Excelsior Lodge No. 1, Harmony Lodge No. 3, Pacific Rebekah Lodge No. 1, Olive Branch Rebekah No. 2 and visiting Odd Fellows and Rebekahs are cordially invited to attend. On Monday, August 1st, the building will be opened to the public from 2 to 5 p. m., to which all are invited. The government band will be in attendance. The same evening at 8 o'clock there will be a reception and dance to which all Odd Fellows and Rebekahs are invited. Members of Excelsior Lodge wishing invitations for friends can obtain the same by calling on O. H. Walker at Trent & Co., Fort street.

NEXT MEETING OF FARMERS' INSTITUTE

The next regular meeting of the Farmers' Institute of Hawaii will be held at Wahiawa on Saturday, August 13th.

The evening session promises to be of unusual interest and will well repay one for the time spent. The following program will be presented:

Does Hawaii need an Agricultural College?—Mr. Jared G. Smith.

"Dairy Strippings," being an epitome of dairy practice and experiments.—Mr. F. G. Krauss.

Experiences in Papaya growing.—Mr. H. M. Wells.

Question Box.

A business meeting will be held at 3:30 p. m. which all members are urged to attend.

Members who are not making private arrangements will kindly notify the secretary at once of their intention to attend, so that plans may be made for transportation from Pearl City and for accommodation at Wahiawa.

Yours truly,

J. E. HIGGINS,
Secretary Farmers' Institute of Hawaii.

Mr. L. Chong, the wealthy Chinese sugar planter from Pabala, Hawaii, who entertains the official and merchant class extensively when he visits Honolulu, arrived by the steamer Mauna Loa yesterday, and, with his family (a party of ten) registered at the Hawaiian Hotel. Mr. Chong intends to embark on the steamer Mongolia next week, for a tour through the Orient including India.

THE TEST TO BE REAL

Counsel in Corporation Suit Waive Side Issues.

Precautions were taken, at the close of argument yesterday, to prevent the failure of the test in the Territory's injunction suit against the Pacific Hardware and Steel Co., through mere technicalities.

Deputy Attorney General E. C. Peters, on concluding his closing address, expressed a desire that, if the court found any informalities in the pleadings, he might be given an opportunity to amend them.

Mr. Withington not only made no objection for the defendant, but requested a similar privilege for that side. Both attorneys expressed the hope that the court's decision would be a positive one upon the merits of the case, as it would be too bad that time should have been lost to no purpose in presenting the matter to the court.

Judge Gear took the case under advisement, seemingly with the understanding as laid down by counsel.

James F. Morgan, commissioner in the foreclosure suit of A. Lidgate vs. Honolulu Clay Co., Ltd., has made return and account of sales, with petition for confirmation. The gross amount obtained at the sale was \$4855, the balance of which after paying expenses, fees, etc., will be applied to the payment of the judgment debt of \$10,665.96. It is asked that judgment for any unpaid balance thereafter be entered.

In the foreclosure suit of Laine vs. Monsarrat, a motion to amend the petition has been allowed by Judge De Bolt. The First American Savings and Trust Co., Calvin E. Camp, Walter Hoffman and the First National Bank of Hawaii, all claiming under junior mortgages, are made parties defendant.

Jack Morgan is given twenty days after July 31 in which to file his bill of exceptions. Deputy Attorney General E. C. Peters signs the stipulation "without prejudice to the Territory of Hawaii."

Sale of Remnants Ready on Monday

No previous remnant sale has had so many short lengths of pretty Summer Goods as this.

Best of all, they are all new.

Over 2000 remnants of Lawn, Dimity, Swiss, Batiste, Mull, Organdie, Pique, Oxford, Madras, Cheviot, Marseille, Gingham, Chambray, Percalé, Cretonne and dozens of others.

Short lengths of Table Linen.

Miles and miles of pretty Ribbons, Laces and Insertions.

As the best bread makes the best toast, so, the best store makes the best remnants.

This is no exception. It will be the most popular sale we have ever held and that's saying a good deal.

For you it offers pretty materials at a great reduction.

For us, it keeps our stock clear of all odds and ends that take up room, and makes more people interested in the store.

Sale is confined to the mauka side of the store, and middle aisle down-stairs.

Begins at 8 o'clock Monday morning.

Ehlers

FORT STREET.

IT IS POPULAR SO IT CONTINUES

NEWBRO'S HERPICIDE

The ORIGINAL remedy that "kills the Dandruff Germ."

THE HERPICIDE HABIT

Careful people now consider it a duty to use a scalp prophylactic, as it insures cleanliness and freedom from dandruff microbes. The refreshing quality and exquisite fragrance of Newbro's Herpicide makes this "duty" such a pleasure that the "Herpicide Habit" is usually formed. A hair-saver that grows in popularity. Delights the ladies by keeping the hair light and fluffy and by giving it a silken gloss. Cures dandruff, stops falling hair. Gives satisfaction and excites admiration. Stops itching instantly.

GOING! GOING!! GONE!!!
